

KERALA SCHOOL OF MATHEMATICS

A joint venture of DAE, Govt. of India and KSCSTE, Govt. of Kerala

Integrated MSc-PhD Program 2025

The integrated MSc-PhD program in Mathematics at Kerala School of Mathematics (KSoM) is an advanced training program at the postgraduate level leading to doctoral studies.

The minimum qualification required for joining the program is B.Sc., B.Math., B.Stat. or equivalent degree with Mathematics as one of the subjects or BE/B.Tech. or equivalent degree. A maximum of 12 students shall be selected every year.

Students shall be admitted to the program through a two-tier process involving an initial screening from any of the following examinations:

- Written examination for the NBHM Masters'/Doctoral Scholarship Scheme (Scheduled on **January 25, 2025**). The application portal for applying to the NBHM Master's examination is now open. The details can be found in the link: <https://nbhmexam.puchd.ac.in/>.
- National level examination conducted by CMI for their MSc program (Scheduled on **May 24, 2025**). The CMI applications for 2025-26 admissions will open around March 1, 2025. Further details will be announced by February 1, 2025 on their website.
- Written test conducted by KSoM (Scheduled on **May 2025**). The applications for the KSoM written examination will open around March 01, 2025. For more details, visit KSoM website.
